## About Me

Motivated and skilled professional with a strong foundation in front-end development and backend experience, complemented by a successful track record as a Food Safety and Health & Safety Manager. Proficient in JavaScript, HTML, and CSS, with expertise in designing and implementing responsive and dynamic web applications. A hardworking and dedicated individual who consistently delivers exceptional job satisfaction by ensuring high standards of quality, safety, and efficiency. Demonstrates strong leadership, problem-solving, and organizational abilities, supported by a range of certifications in food safety and health & safety management. Maintains excellent physical and mental well-being, ensuring optimal performance in roles that demand strict adherence to safety regulations and industry standards. Eager to leverage both technical and managerial expertise in dynamic, fast-paced environments.

- FreeCodeCamp frotend course
- NSF safer2Eat for professional food protection managers
- S&PD SECTION 16.2 OHSA
- NSF food safety and hygiene
- Occupational Health & Safety Management Certification
- Fire Safety and Risk Management Certification
- Advanced JavaScript Programming Certification

## FOOD SAFETY AND HEALTH & SAFETY

Experienced Health and Safety and Food Safety Manager with a strong track record in developing and implementing workplace safety policies, conducting risk assessments, and ensuring compliance with health and safety regulations. Skilled in staff training, emergency preparedness, and maintaining comprehensive safety documentation. Adept at implementing food safety standards such as HACCP, conducting inspections, training teams on hygiene and allergen management, and overseeing supplier quality. Proven ability to manage product recall plans and maintain accurate records to uphold the highest standards of health and food safety.

## SOFTWARE ENGINEERING

Motivated and versatile professional with a strong foundation in front-end development and backend experience, combined with a proven track record as a Health and Safety and Food Safety Manager. Proficient in JavaScript, HTML, CSS, and experienced in React for developing dynamic, responsive web applications. Demonstrates strong leadership, problem-solving, and organizational skills, supported by certifications in health and food safety management. Eager to apply both technical and managerial expertise in dynamic and diverse roles.

## WEB DEVELOPMENT PROJECTS

• Portfolio Website (In Progress)
Designed and developed a personal portfolio showcasing front-end development projects, integrating responsive design principles for seamless viewing across devices. Features dynamic navigation and interactive user interface elements using JavaScript.

• Snake Game
Built a classic snake game using JavaScript, HTML, and CSS. Implemented game mechanics, collision detection, and score tracking for a fully interactive experience.

• Calculator
Developed a fully functional calculator with JavaScript, featuring basic arithmetic operations and an intuitive user interface.

• Candy Crush Clone
Created a Candy Crush-inspired game using JavaScript and CSS, including grid layout, matching logic, and score tracking for an engaging user experience.

• To-Do List App
Built a JavaScript-based to-do list app with intuitive user interface, allowing users to add, edit, and delete tasks. Included persistent storage with local storage for saving tasks between sessions.

• Responsive Websites
Designed and built several responsive websites using HTML, CSS, JavaScript, and React, ensuring compatibility across devices and browsers. Focused on user-friendly design and interactive functionality.

## MY DEVELOPER PORTOFOLIO

https://github.com/Jeanre-debug/my-projects

## COMMUNICATION

Excellent verbal and written communication skills, with the ability to convey complex information clearly and concisely. Experienced in conducting training sessions, drafting reports, and collaborating with stakeholders at all levels. Strong interpersonal skills to build positive relationships and facilitate effective understanding in workplace settings.

## LEADERSHIP

Proven ability to lead and motivate teams, fostering a collaborative and high-performance work environment. Skilled in strategic decision-making, task delegation, and providing clear guidance to achieve organizational objectives. Experienced in project management, conflict resolution, and cultivating a culture of accountability and excellence, thanks to my management experience at Hartenbos.
